

Proposed Architecture

Assumptions:

1. 20000 claims would be processed daily using this architecture
2. Data will be pushed from CRM to Blob Storage in bulk upload.
3. Processing of claims will be T+1 day and result will be stored in DB.
4. Claim Result can be provided via Excel/API/DB Read Access.

- 5 Dedicated Standard_D4pds_v5 VMs.
- 45 Standard_D4pds_v5 Spot VMs
